HR Tip of the Month

Holding "Wellness Days" to encourage healthy lifestyle choices can improve attendance and reduce company costs. Clear Path recommends having a medical professional hold a session on a topic relevant to your workforce such as:

- Smoking Cessation
- Fitness and Weight Loss
- Stress Management
- Heart Health
- Migraines

Sharpen Your Skills!

Back to school time reminds us all that it's time to sharpen our Health & Safety skills!

Are you confident that you know your obligations under the Occupational Health and Safety Act? Do you understand what Due Diligence is? Do you know the difference between a Workwell Audit and a work refusal?

Is it time for a refresher?

Clear Path is offering an informative "Introduction to Health & Safety for Business Owners" on Wednesday, September 14th in Cambridge. This session will be led by our Health & Safety Specialist, Denise Williams (CRSP) and is perfect for anyone responsible for Health & Safety in their organization or business owners who need an overview of their responsibilities.

You will Learn:

- How does the Occupational Health & Safety Act (OHSA) apply to me?
- What are worker's rights, roles and responsibilities?
- Changes with work refusal rules under Bill C-45 and Bill 168
- How to identify specific risks in your workplace
- Definitions of relevant parties and concepts
- How being proactive can help you avoid a WSIB Workwell Audit

Registration is now open for our September workshops. To learn more, [click here](#).
